

Table 2. Sources that Reported Site Specific Growth Factors and Data

Company Name	Site ID	Site Name	Growth Description	Growth Factors	
				2008	2015
ATK Launch Systems Incorporated	10009	Promontory Plant	Growth Factors - All Pollutants (%)	1.00	1.06
Brigham Young University	10790	Main Campus	Growth Factors - All Pollutants (%)	1.00	1.11
* Nucor Steel	10008	Nucor Steel	Growth Factors - All Pollutants (%)	1.30	1.33
Vulcraft - Division of Nucor Corporation	10028	Steel Products Manufacturing	Growth Factors - All Pollutants (%)	1.00	1.07
Vulcraft - Division of Nucor Corporation	10028	Nucor Building Systems	Growth Factors - All Pollutants (%)	1.00	1.44
** Hexcel Corporation	11386	Salt Lake Operations	PM ₁₀ (tons/yr)	79.16	79.62
			PM _{2.5} (tons/yr)	49.04	49.30
			SO _x (tons/yr)	17.32	22.45
			NO _x (tons/yr)	69.61	80.97
			VOC (tons/yr)	88.13	90.02
			*** Benzene, Chlorine, CO, HCl, NH ₃ (%)	1.00	1.97

* Projection data for Nucor Steel for 2008 was set equal to 2014 (therefore no growth until after 2014) since the growth was included during the True-Up phase.

** Projection data for Hexcel Corporation for 2008 was set equal to 2014 (therefore no growth until after 2014) since the growth was included in the production lines added during the True-Up phase.

*** Data was not supplied for these pollutants. Therefore average growth percentages (%) from the other pollutants at this site were calculated and used from 2008 to 2015.
